Armstrong CEILING & WALL SOLUTIONS

ACOUSTIBuilt SEAMLESS ACOUSTICAL CEILING SYSTEM

- Acoustical Drywall Visual
- NRC .80 / CAC 46
- Post install patching solutions
- Easier to install than Acoustical Plaster at lower cost
- White finish is included in sustain portfolio
- Install on DGS & SHORTSPAN
- Available in Colors!
- Compatible access doors

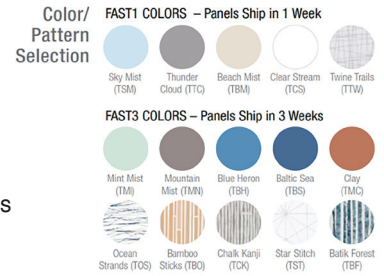

SHORTSPAN DRYWALL FRAMING SUSPENSION SYSTEM

- Perfect solution for framing corridors & rooms
- Locking Angle Molding for fast & efficient install
- .018" metal thickness Eliminates hangers/drop-clips for spans up to 8'-6" (DOB-NYC APPROVED)
- Rotary stitching on double web adds strength and stability
- Custom Lengths available upon request
- Available in low-profile for spanning areas with low clearance – such as HVAC trunks

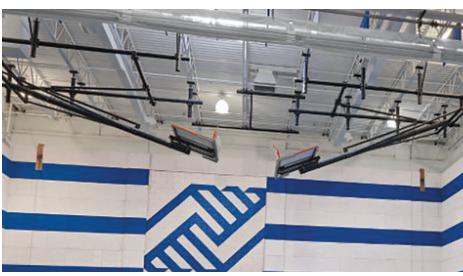

INFUSIONS RESILIENT PARTITIONS

- New large format, standard 24" x 96" panel
- Unlike other partition materials, PETG provides long-lasting designer finish
- Panels can be field cut to fit project needs
- 15 new on-trend colors and patterns to replace old offerings
- Panels & hardware in one kit!

INVISACOUSTICS

- Panels install direct-to-deck with options of adhesive, or hardware
- All-in-one fastener for fast install
- .75 NRC
- White, Black, or field paintable options
- 24"x48" panel size for simplicity

TECTUM DIRECT-ATTACH CEILINGS & WALLS

- Offered in square lay-in/tegular to drop in grid, direct attached walls & ceilings, as well as panel art design options.
- Durable solution that offers acoustics
- Great retrofit solution for noise reduction
- NRC up to .85
- Variety of made-to-order colors available
- Field painted numerous times without acoustical impact
- Check out "Finale" direct-attach option with factory-applied acoustical infill for ease of added acoustics

HEALTH ZONE

- Offered in Calla, Ultima, and Optima Lines
- Smoothest mineral fiber & fiberglass ceiling option with both TOTAL ACOUSTICS and SUSTAIN performance that meets USDA/FSIS guidelines, clean room assemblies, is water-repellent, and addresses HIPAA requirements.
