

September 17, 2018

To Our Customers:

Due to a tariff that was implemented in August on a key raw material used in our mold/water resistant panels, effective with shipments on and after Monday, October 15th, 2018, USG will increase its prices on mold/ water resistant wallboard products.

- The wallboard increase includes all Sheetrock® brand Mold Tough® wallboard products as well as Securock® brand glass mat sheathing, glass mat liner panel, and glass mat interior panel products.
- Your sales rep will provide you an updated price list which will be effective October 15th. The increase on these products will not go beyond your “not to exceed” price that was established as part of our January 1st price increase.

Please contact your USG sales representative if you have any questions. As always, we thank you for your business and support for USG products.

Sincerely,

A handwritten signature in black ink that reads "Matt Byrne". The signature is written in a cursive, flowing style.
