

CONTINENTAL™
BUILDING PRODUCTS

November 9th, 2018

Dear Valued Customer:

In order to align with the planning needs of our customers, we are sending you this announcement to provide you with our wallboard price increase intentions for 2019.

Effective on orders shipping February 1st, 2019, prices on all of our wallboard products will be increased by the following amount over current prices for both domestic and export customers:

ALL WALLBOARD PRODUCTS 12%

Continental Building Products reserves the right to monitor shipments prior to the increase in order to supply our customers as effectively as possible.

Inflationary costs have continued to impact our business over the course of the current year and are expected to continue through 2019. Among those increasing costs are freight, raw materials and impacts of tariffs. You should be prepared for a future price increase later in 2019 beyond this announcement.

If you have any questions regarding the pricing for your specific area, please contact your local sales representative.

Thank you very much for your business and continued support.

Sincerely,

Continental Building Products Operating Company, LLC
